Key Coursework: Database Management Systems (SQL), Global Sourcing and Procurement, Supply Chain Analytics (Optimization Models), Data Visualization (Tableau), Transportation Logistics, Production & Inventory Management, Project Management, Business Analytics (R), Strategic Supply Chain Management, Business Performance Analysis.

EMPLOYMENT HISTORY:

Purchasing Summer Intern – Magna International (Exteriors), Michigan **June 2025 — Sept 2025**

- Co-developed MSL Strategy in ErFX for Resin Procurement worth \$600M in R12M spend; supported purchasing operations processes and strategic sourcing decisions.
- Aligned supplier material approvals with OEM requirements for global RFQs while communicating across divisions to update ERP systems, enabling accurate Power BI dashboard reporting.
- Built 2026 demand forecasts using ICIS and CMA price trends with Excel plug-ins, Pivot Tables, VLOOKUP, and Index Matching, integrating live data into forecasting models.
- Supported Sourcing Board projects by preparing Intake forms, Bid sheets, and RFQ forms for strategic sourcing and make/buy divisional decisions.
- Analyzed Top 40 resin list, supplier quotes, and costs, recommending alternate suppliers for cost savings based on switching feasibility and ongoing initiatives.
- Gained hands-on experience with ErFX, Coupa, CRT, and WAVE software; completed NQC Quality training to strengthen sourcing knowledge.

Operations Manager, Peter Burwash International (PBI) Academy, India **Jan 2023 — Dec 2023**

- Directed academy operations and finances (~\$400K): budgeting, payroll, invoicing, and scheduling; maintained accurate records and coordinated monthly reporting across finance and IT teams.
- Tracked vendor performance and service compliance documentation; boosted customer engagement by 45% and stakeholder satisfaction by 30%.
- Managed and executed high-profile international events, including the ITF Women's World Tour 2023 and India Wheelchair Tournament - Tabebuia Open 6, 2023.

Relationship & Customer Relationship Manager, Credvest Pvt Ltd, India **Mar 2021 — Sept 2022**

- Managed client portfolios with CAT-A developers (Brigade, Prestige, Shobha, Godrej), coordinating across sales, operations, and banking divisions to ensure seamless process flow and stakeholder alignment.
- Oversaw end-to-end loan processes with state and national banks, managing documentation workflows, process timelines, and cross-functional coordination to achieve disbursement targets and drive revenue growth.
- Streamlined CRM operations and trained representatives, improving data accuracy, operational efficiency, and collaboration between sales and marketing teams post-closure.

Student Brand Marketeer, Red Bull, India **Nov 2017 — Aug 2019**

- Planned and executed marketing campaigns across Red Bull events with Marketing, Sponsorship, and Sales teams; conducted market research to track brand performance and led execution of the global event Red Bull Reign 2018 in India.
-

- Graduated with First-Class scoring a C.G.P.A of 6.25
-

KEY PROJECTS

Citi Bike Demand Optimization: Analyzed 12 months of Citi Bike trip data using RStudio to identify demand patterns and optimize bike allocation across stations. Developed linear regression forecasting models and data visualizations to support inventory planning, reduce bike shortages, and improve operational efficiency during peak demand periods.

The Bullwhip Effect: Researched demand variability's impact on supply chains, analyzing causes, effects, and mitigation strategies through live case studies to enhance resilience.

LEADERSHIP AND AWARDS

General Secretary, SCM Society: Organized alumni, startup & workshop events; engaged industry panelists Dean's Scholastic Award (Academic Excellence) – DePaul University
National-Level Athlete (Basketball and 400Mtrs/800Mtrs) – India
